

Cashplus Credit Card Summary Box

APR	<p>Representative 29.9% APR variable</p> <p>Rates from 19.94% APR to 49.94% APR depending on individual circumstances.</p>		
Interest rates		Monthly Rate	Annual Rate
	Purchases	2.21%	29.94%
	Cash	2.84%	39.94%
Interest-free period	<p>Maximum of up to 56 days for Purchases if you pay your balance in full and on time. There is no interest free period on Cash Transactions.</p>		
Interest Charging information	<p>If you pay your total balance in full and on time each month, you will not be charged interest on your purchases. If you do not pay the total balance shown on your statement each month, we will add the interest charges (as applicable) to your next statement balance.</p>		
		From	Until
	Purchases	Date Debited to your Account	Repaid in full
	Cash advance	Date Debited to your Account	Repaid in full
Allocation of payments	<p>When you pay us an amount equal to your Minimum Repayment, it will be applied to meet any Instalment Plan payments due first. The remainder will be applied to your Balance Outstanding (excluding your Instalment Plan balance), to balances at higher rates of interest before those at lower rates of interest. If you have Fees accruing interest at the standard rate, we will pay those off before other standard rate balances, and we will pay off older Purchases before newer Purchases.</p> <p>If you pay us an amount that is less than your Minimum Repayment, it will first be applied to your Balance Outstanding (excluding your Instalment Plan balance), to balances at higher rates of interest before those at lower rates of interest. If you have Fees accruing interest at the standard rate, we will pay those off before other standard rate balances, and we will pay off older Purchases before newer Purchases. Any remaining amount will be applied to meet any Instalment Plan payments due for Instalment Plans at a higher rate of interest before Instalment Plan payments due for Instalment Plans at lower rates of interest. If any Instalment Plans on your Account are charged at the same rate, we will use your payment to pay the Instalment Plan payment due for the Instalment Plan with the earliest start date first.</p>		

	<p>If you pay us an amount that is more than, or in addition to, your Minimum Repayment, we will apply it as set out above. We will apply the amount that is left over first to your Balance Outstanding (excluding your Instalment Plan balance), to balances at higher rates of interest before those at lower rates of interest. If you have Fees accruing interest at the standard rate, we will pay those off before other standard rate balances, and we will pay off older Purchases before newer Purchases. We will then apply your payment to pay off what is left of your Instalment Plan(s), paying off Instalment Plans charged at higher rates of interest before those at lower rates. If any Instalment Plans are charged at the same rate, we will use your payment to pay off the Instalment Plan with the earliest start date first.</p>	
Minimum repayment	<p>Your minimum monthly repayment will be shown on your monthly statement and will be:</p> <p>Up until 13/11/2022: either (a) 5% (five per cent) of the Balance Outstanding on the Account on the Statement Date; or (b) £10 (ten pounds), whichever is the greater except where the Balance Outstanding is less than £10 (ten pounds) in which case the Minimum Repayment will be the Balance Outstanding. In either case, any Fees applied to your Account during the previous Monthly Statement Period (excluding the Annual Fee) will be added to your Minimum Repayment.</p> <p>On or after 14/11/2022: the greater of the following:</p> <ul style="list-style-type: none"> • £10 (or the total Balance Outstanding if it's less than £10); or • 2% of the Balance Outstanding on the Account on the Statement Date, plus all interest charged for the previous Monthly Statement Period, plus any Fees applied to your Account during the previous Monthly Statement Period (excluding the Annual Fee), plus any Instalment Plan payment due for that month (if applicable) <p>We may increase your minimum monthly repayment. If we vary your minimum monthly repayment we will notify you of this.</p>

Cost of Borrowing

Interest Explained – based on 29.9% APR for a £1,200 credit limit.

To reduce the amount charged we recommend you pay as much as you can when you can and not just the minimum repayment. See the example below.

Illustrative example – For a purchase of £500 on your credit card

Monthly Payment	Minimum Payment each month	£50 each month
Without taking into account any introductory rates, how much will you be charged in interest and Fees in the first year?	£108.03	£72.49
How much will you be charged in the second year?	£74.03	£0
How long would it take to clear the balance?	4 years, 9 months	1 year

The above example assumes the following: The transaction takes place on 1st January and you make no further transactions. Your statement is produced on the 1st of each month and you always make the payment each month on the 15th. Your statement is produced 31 days after you make the purchase.
